

Utility Collection

Practical Solutions for Hard-Working Spaces

Florestone's utility collection is a robust offering of tough-as-nails products designed to meet the unique needs of the utility space. With laundry sinks, mop sinks, drop-in sinks and more, this collection is made to handle the rigors of utility spaces—from residential laundry rooms to commercial kitchens.

Unique Products for Diverse Demands

With a broad offering designed and manufactured for an array of uses, there is a Florestone utility product that is sure to address your project's unique requirements.

Compression-Molded laundry and drop-in sinks with the same practical features as our popular Saflor bases:

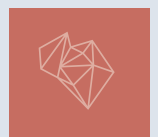

- Consistent finish and color throughout
- Easy installation
- Excellent value

Terrazzo mop sinks and bases with enhanced aesthetics, unique designs and long-lasting durability.

Compression Molded Products

Florestone bases and sinks, constructed of durable composite material using a compression-molded process, are a budget-conscious answer to both professionals and consumers seeking low maintenance and high value.

Terrazzo

Hand crafted with neutral-toned stone and marble chips, and supported with steel reinforcement, terrazzo adds a timeless beauty that elevates durable mop sink and shower base designs.

Customizable

The hand-made manufacturing process allows for non-standard sizes and configurations.

Renewable

Variety of color and textures run throughout, so products can be resurfaced to like-new conditions throughout their lifetime.

Durable

Built to last, Florestone terrazzo mop sinks and bases are a beautiful and substantial upgrade to any shower or utility space.

Introduced in 1958, the terrazzo series has been a cornerstone of Florestone's business, starting their journey of manufacturing elevated solutions for the shower, bath and utility space.
